Captain Tomislav Ercegović with his father Ante

The Ercegović family, from the small town of Krila Jesenice—the most famous maritime town on this part of the Adriatic—is the proud owner of Avantura, the family's largest, newest, and most luxurious ship. This family's maritime tradition dates back to the 1960s - when grandfather Tomislav bought the first share in a small ship for the transport of cargo around the Dalmatian islands, and from then on, the continuous coexistence of ships and families began.

Captain Tomislav, the eldest heir of his grandfather, spent his childhood with his father Ante transporting cargo on the Adriatic and fishing, and there he gained valuable maritime skills and navigation experience. After graduating from maritime school, he became the captain of the newly built family motor yacht M/B Antonela.

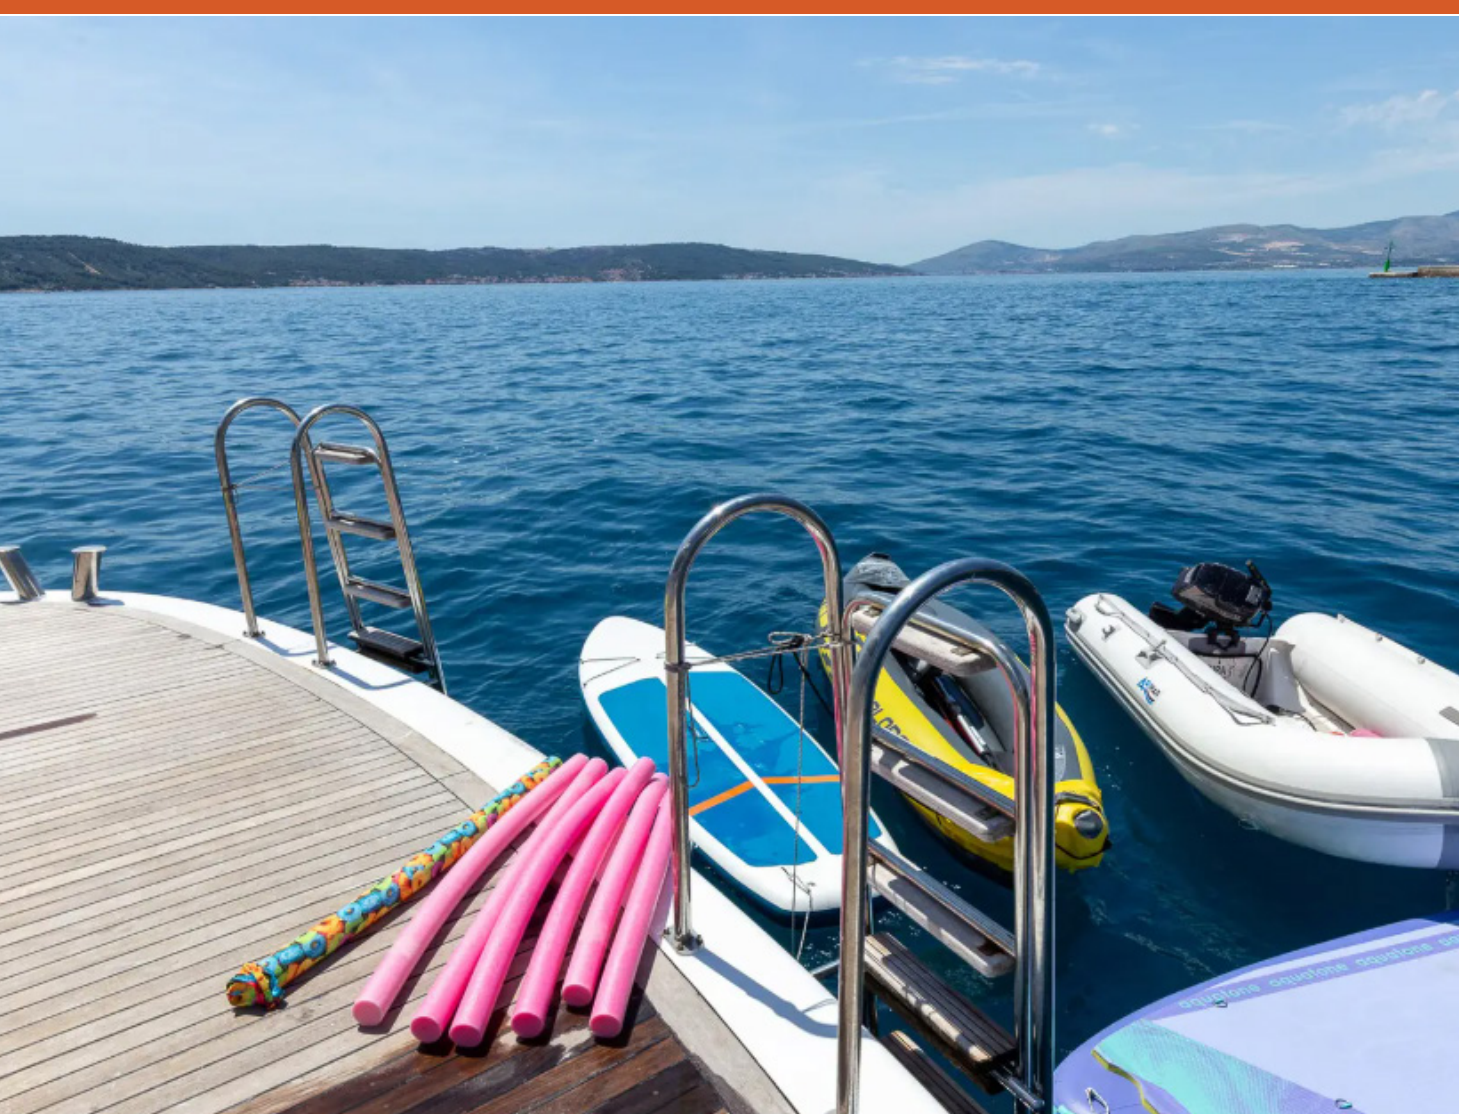

Avantura first sailed in 2019, and today it waits for you to discover the bays and beauties of our beloved sea.
